Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm>

#### PREPARATIONS FOR USE AND COMPATIBILITY:

MARFLORA soluble seaweed powder is highly soluble. agitate thoroughly while pouring the MARFLORA powder slowly into water † Warm water will hasten this process. MARFLORA soluble seaweed powder is compatible with most spray chemicals, however as a precaution a jar test is recommended before use to verify compatibility.

#### STORAGE CONDITIONS:

MARFLORA Soluble Seaweed Powder is harmless and on-flammable. The powder keeps indefinitely without any preservative. It must be stored in a cool dry place. It must be kept in a sealed bag since the powder attracts moisture. Keep out of reach of children. In case of contact with eyes or skin, flush with plenty of water. Seek medical attention for eyes.

#### ROOT INJECTIONS:

1 (one) lb. MARFLORA Soluble Seaweed Powder to 100 gallons. Insert into soil to a depth of 10-12 inches and spaced three feet apart (around the drip line).

#### SEED TREATMENT BEFORE PLANTING:

Wet thoroughly in a solution of 1::100 before planting.

#### EMERGING SEEDLINGS AND GROWING PLANTS:

1/2 lb. MARFLORA Soluble Seaweed Powder per acre. Use regularly as a guide every 7-14 days. May be applied to soil or foliage

#### ESTABLISHED PLANTS AND TREES:

1/2 lb. MARFLORA Soluble Seaweed Powder per acre to 100 gallons. Apply two to four times from early new leaf until flowering. Apply two to four times after set.
